Is your to-do list weighing you down?

Breathe easy. JFS can help.

Few of us have the time, the know-how, or the money to stay on top of home repairs and chores. Before we know it, we're in over our heads.

We created Help@Home to give the 65-plus generation the support you need. With one phone call, our dependable Community Handyman will make minor repairs and do chores around the house so that you don't have to climb ladders, haul boxes, or mess with the plumbing. And if we can't do it, we'll help you find someone who can.

Now that's smart spending.

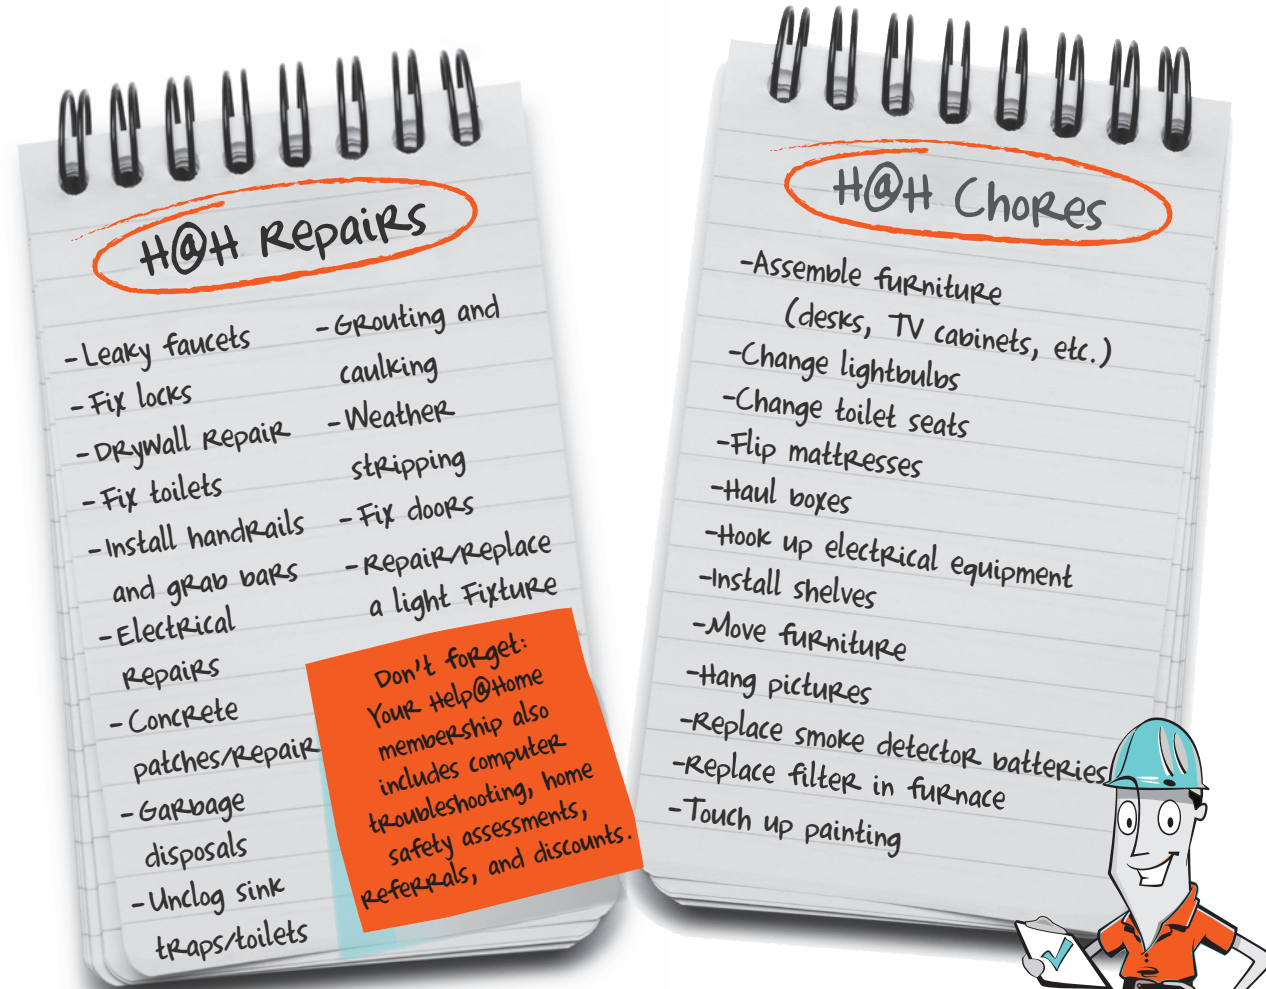

Because money is in short supply, Help@Home makes financial sense. Think about it: compared to paying a different contractor for each job on your list, our Community Handyman can come finish your jobs in a visit or two. Just one visit in a month, and your membership fee* has paid for itself.

The best part? Our Community Handyman is known for his friendly, can-do attitude, and when he can't make it, he'll send a backup you can trust.

We're saving a spot for you or your loved one in our program. So give us a call at 913-327-8239 and tell us how we can help.

* Discounted memberships are available to those who qualify.

Help@Home buys you and your loved ones peace of mind. *Smart spending.*

Please contact us if you'd like a comprehensive list of services available with your Help@Home membership.

About our Community Handyman...

"Your handyman goes above and beyond... he cleans up and is so polite and always asks if there is anything else he can help with."

Because we care about your safety, our Community Handyman is trained in first aid and is CPR certified.
